in Vilas alvas, Loulé

This 3-bedroom villa located in the Golden Triangle has been designed, created by its present owner (a building engineer and his 4th private built house), with outdoor living in mind. One of a kind where you feel at home as soon as you enter it. With its open-plan layout there is a great feeling of spaciousness. The villa has large glazed windows from floor to ceiling opening out to the large covered terrace (25m²) which can be closed by curtaining for a cosy evening.

The south-facing secluded garden with ideal sun exposure has one big umbrella parasol and one butterfly parasol (12m²) near the swimming pool for seating and dining areas and has been furnished to an extremely high standard including 8 sunbeds.

The maintenance-friendly garden offers a large degree of privacy.

Located near the beach and famous golf course of Quinta do Lago, and Vale do Lobo.

A short drive to Quinta Shopping, with shops, bars and exclusive restaurants.

Vilas Alvas is a small resort between Vale do Lobo and Quinta do Lago, therefore it has the pleasure of the resorts but not the big costs and noise.
