A beautifully decorated six bedroom villa with a guest house situated just fifteen minutes from some of the Algarve's sensational beaches. Offering stunning countryside views and also just five minutes from the local golf course, this property is great for a permanent residence, somewhere to retire, or potentially it could be a rental investment, and it has recently been reduced from €2,850,000.

Spread across a house size of 630m² and two floors, the main house is comprised an elegant entrance hall which has marble pillars and a grand, marble staircase with unique metal railings, whilst it splits off into two different directions at the top - offering a wrap around indoor balcony. The open plan living room is bright and spacious, with two separate areas, one used more so as a reception area whilst the other has satellite TV for those cosy evenings. Some special features in the lounge include the pillars and fireplace which have been uniquely styled and designed with marble. A fully fitted kitchen with high quality appliances is perfect to entertain friends and family with home cooked meals, or hire a chef to come and take the stress away! An island can be found in the middle of the kitchen which houses an electric stove with enough room for five pots or pans. All counters have marble tops and a utility room is also available.

There are two separate areas to choose from when eating, one area is more for breakfast, with large windows allowing plenty of morning sunlight to naturally fill the room, the second dining area also has its own fireplace designed with marble, along with intricate designs in the ceiling. An office/study can be found which could potentially be turned into the sixth bed
