Modern 2 Bedroom Apartment For Sale in Albufeira in Albufeira, Albufeira

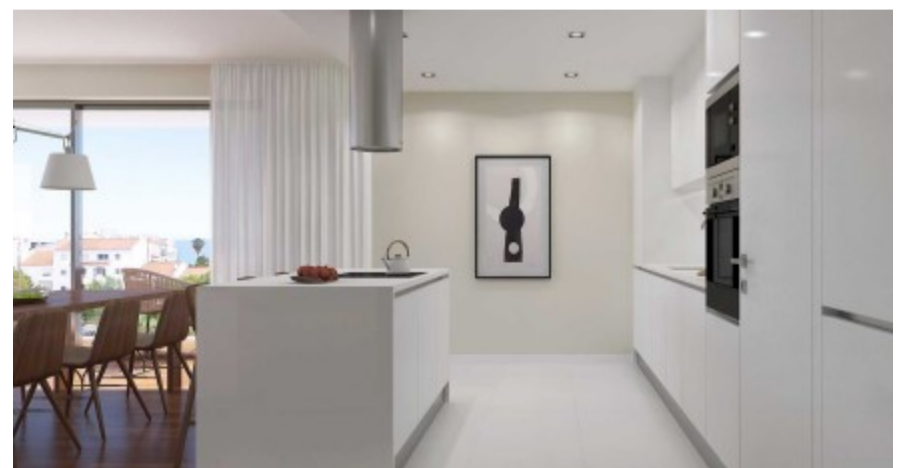

Albufeira Prime is a brand new condominium currently under construction in Albufeira. Situated within an urban area, you will be just a short walk from a variety of magnificent beaches, restaurants, public transportation, leisure activities and more.

Offering a total of 36 beautifully decorated 2 and 3 bedroom apartments, Albufeira Prime ensures the best possible location for all lifestyles as well as though just wanting a place to holiday in the sun, or capitalise on the Algarve's tourism industry through short term rentals.

The distinctive 3 storey architectural design means apartments come with large terraces and private underground parking, although those on the first floor will have spacious lounge terraces, whereas the top floor apartments provide a life of luxury through the ownership of a private Jacuzzi, sunbathing area, outdoor cooking area with a bench, dishwasher and BBQ.

A communal heat swimming pool will be on the roof of each block and will come equipped with both a heat pumping system and submerged lighting. For those who are active or like to keep fit, there will be a recreation area, solarium and an outdoor gym offering 2 cardio fitness machines per block.

Internally, the apartment will have a top of the range American styled kitchens with high quality Bosch appliances offering a A+ or higher rating. Living rooms will be open and spacious enough to accommodate a dining area for when friends and family come to visit.
